Date : February 5, 2018

[Darien TV79](#), the town's CSPAN-like local government access channel that provides video gavel-to-gavel coverage of town government board meetings as well as interview programs and coverage of local meetings and events, wants a few minutes of your time.

The organization is asking viewers and town residents to fill out the survey online. Here's the announcement, from a recent email:

Dear viewers...

We want to serve you better, bringing Town government to you in your homes and on your mobile devices. Can you please take 3 minutes to answer these 9 questions in our Viewer Survey to tell us more about what you want?

Editor's note:

You can watch Darien TV79 not only on cable, but [video streaming online](#) (both live and recorded) and through [video on demand](#) services at Vimeo (it normally takes several days for the videos to be posted).

The television service was expanded last year to cover more meetings. Run by town appointees and other volunteers, the service hires some of its camera operators and can always use more volunteers.
