When the [USAgain](#) bins near the Swap Shop and transfer station building fill up, the contents are removed to a truck like this one.

Usable or unusable clothing, shoes, linens & accessories (backpacks, purses, hats, gloves, belts, etc.) can be recycled in these bins.

Recycling textiles provides two benefits to the town:

- 1) a reduction in the amount (and cost) of solid waste hauled way;
- 2) payment of \$200/ton for textiles collected.

Recycling textiles also saves natural resources and is a source of affordable clothing for people world-wide.
