The Town of Darien paving program for the summer of 2017 is as follows:

---

*— This announcement is from the Darien Department of Public Works. The list here is presented two ways: On a graphic table and (further down) as a text list.*

---

Preparatory work will precede paving on all of the above roads. Dates listed above include milling and paving. Road surfaces will have raised structures during these dates. Please avoid these roads if possible during these times or use extra caution if you must travel on these roads.

The above schedule is based on favorable weather conditions. Emergency access will be available at all times. Town of Darien police officers will be present to direct traffic and assist area residents during construction.

Driveway access will be limited during paving operations. However, no single driveway should be closed for more than an hour.

On street parking will be suspended during paving operations. Minor traffic delays are likely.

Please plan your travels accordingly. Please call the town Department of Public Works at 656-7346 for further information.

Here's the same information that's on the table shown in this article (it may be easier to read for some). The street to be paved is followed by the points from start to finish of paving on that street, followed by the dates when paving is expected to take place.
