Date : September 17, 2017

A man who attended the Juilliard Preparatory Division and plays the piano for pleasure, will give a talk Wednesday to the Darien Men's Association about appreciating music.

"Music is all about understanding how differing emotions are captured and exemplified," said the speaker, George Ubogy, a retired physician.

"The performer's interpretation, the physics of musical sounds and the neurobiology of hearing are a part of enjoying music."

Ubogy will play excerpts from Schubert, Wagner, Rossini and Brahms to illustrate his presentation.

His talk will start at 10:45 a.m., Wednesday, Sept. 20. Meetings are held at the Darien Community Association, 274 Middlesex Road, Darien.

Guest passes are available at the membership desk just outside the meeting room. The Darien Men's Association welcomes men age 50 or older.
