**Date :** January 2, 2018

Someone scratched two Toyota 4-Runner SUVs parked outside a home on Beach Drive overnight from Dec. 23 to 24, the owner told police.

Long scratches were left on both vehicles, one of them a 2007 model, the other a 1998 model. The owner had no idea who would have committed the vandalism. Police don't know what was used to scratch the SUVs, which were parked on [the short street](#) off of the Post Road on the west side of town.
