Date : October 6, 2017

Starting this Saturday morning, Oct. 7 here's where state Department of Transportation work on highways will restrict traffic near Darien:

This Saturday, Oct. 7

Merritt Parkway in Norwalk and Westport

Surveying will take place on each side of the parkway from 6 a.m. to 2 p.m., Saturday:

- On the **southbound**-traffic side of the parkway [surveying will close lanes](#) between Exit 41 (Route 33, Wilton Road) and Exit 38 (Route 123, New Canaan Ave.).
- On the **northbound**-traffic side of the highway, [surveying will close lanes](#) between Exit 36 (Route 106,

Old Stamford Road) and Exit 40A (Route 719, Main Ave.).

Mondays through Fridays, Oct. 9 to 27

A nighttime bridge maintenance project on both the northbound- and southbound-traffic sides of **Interstate 95 between Exits 4 and 5 in Greenwich** will take place starting at 9 p.m., Monday and continuing weeknights through Oct. 27. Although that's the schedule, it's possible that changes could take place because of weather or other factors, [the department warns](#).

Two Saturdays from Now, Oct 14

This 12-hour ramp closure does not have any effects on a direct route from Darien to Stamford:

Exit 8 on the **NORTHBOUND**-traffic side of **Interstate 95 in Downtown Stamford** will be closed from 6 a.m. to 6 p.m., Saturday, Oct. 14. The department advises drivers to use the next off ramp, at Exit 7. There is a posted detour route.

"The closure is necessary to facilitate the installation of a deep drainage-crossing pipe required for the new Exit 8 off-ramp storm drainage system," the department said in [an announcement](#).
