Date : November 6, 2018

Sometime before 12:20 p.m. on Wednesday, Oct. 31 (when she reported it to police), a woman noticed that her bike was missing from the garage at her home on Fairfield Avenue.

She'd last seen the bicycle a week before, on Oct. 25. She didn't know of any suspicious activity in the meantime, and there didn't seem to be any evidence left behind.
