Date : August 14, 2019

The Connecticut Department of Transportation's Office of Engineering is developing plans for the replacement and installation of variable message signs on Interstate 95 and U.S. Route 7 in Greenwich, Stamford, Norwalk and Westport.

— [an announcement](#) *from the Connecticut Department of Transportation*

The present schedule indicates that the design will be completed in April 2020, with construction anticipated to start in the fall of 2020, assuming acceptance of the project and availability of funding. This project will be undertaken with 100% federal funds.

It is the Department's policy to keep the public informed and involved when such projects are undertaken. It is important that the community share its concerns with the Department to assist in the project's development.

At this time, it is not anticipated that a public informational meeting will be necessary.

Anyone interested in receiving information on this project may do so by contacting Susan M. Libatique, Principal Engineer, at (860) 594-3179 or by e-mail at Susan.Libatique@ct.gov. Please make reference to State Project No. 173-496.
