You can also listen in by phone by dialing 301-715-8592 or 646-876-9923 and using the same webinar ID.

The talk will focus on universal healing precepts found in the Holy Bible, especially in Christ Jesus’ life and teachings, and show how they are available for anyone to understand and experience through the lens of Christian Science.

“Spiritual discovery is about understanding more of what God is and learning to see our lives and the world through God’s all-good nature,” McElroy says.

“It’s about stripping away surface-level appearances in order to discern what actually IS. Spiritual discovery reveals what is substantial, lasting, and powerful — and this leads to healing. What’s the outcome? Progress. Transformation. Wholeness. For anyone.”

Sharing examples of healing from his own life and professional practice of Christian Science, McElroy will explain why Christian Science is both Christian and scientific, meaning that people can prove its effectiveness for themselves, as fully described in the book "Science and Health with Key to the Scriptures," written by the founder of the Christian Science movement, Mary Baker Eddy.

McElroy will also touch on the life of Mary Baker Eddy, a mid-19th century woman from New England who came to understand, confirm, and teach what she felt was original Christian healing.

Eddy herself said she was especially inspired by Christ Jesus' demand, "He that believes on me, the works that I do will he do also; and greater works than these will he do, because I go unto my Father" (found in the Gospel of John 14:12 in the Bible).

For over 150 years, people around the world have worked to follow Christ Jesus in this practice of Christianity and continue to do so today, with healings of physical ills and personal difficulties.

McElroy, a Christian Science practitioner and teacher, helps people on a daily basis through this scientific approach to prayer. He travels from his home base near Boston to speak to audiences around the world as a member of the Christian Science Board of Lectureship.
