Date : January 2, 2018

The 15 members of District 2 of the Representative Town Meeting will be holding an informational meeting for residents who live in the district from 3 to 4 p.m., Sunday, Jan. 7 in the Louise Parker Berry Community Room at Darien Library.

The purpose of the meeting is to get input from District 2 residents as the Town begins planning for its 2018-19 budget.

Each District 2 RTM member will be prepared to give a brief update on what is happening in their standing committees: Education, Finance & Budget, Parks & Recreation, Planning, Zoning & Housing, Public Health & Safety, Public Works, Rules, Town Government Structure & Administration (TGS&A), Blight, Public Works Garage Building Committee, TV79 Advisory Board.

Then we would like to hear from you. With future state reimbursements to Darien now an annual question mark, 2018-19 promises to be a challenging budget year. We would like to hear your priorities.

There are a number of issues impacting District II such as downtown Darien development, deer hunting, sidewalks and crosswalks, traffic speed along Route 1 from Noroton Ave to Exit 11, the impact of the Pear Tree School closing, blight, and the future of Fitch Academy.

You Live in District 2 If ...
