“As the Community Fund of Darien's Thriving Youth Task Force continues its powerful campaign about the concerns of underage drinking (especially binge drinking), there is simply no excuse to not see this film,”

“All young people along with their parents need to see this film and together be a part of the conversation to keep themselves and their friends safe.”

In September 2004, fraternity pledge Gordie Bailey died from alcohol poisoning after passing out on a couch in his fraternity house following a hazing initiation at the University of Colorado.

In 2008, The Gordie Foundation produced Haze, a documentary telling his story and discussing the issues surrounding college drinking and hazing. This program is for parents and mature high-school aged students.
