From the Darien Arts Center:

Families can share dinner, nurture their creativity and make memories on Wednesday, July 29th at the Darien Arts Center (darienarts.org) when they participate in the Supper and Sculpture Workshop, from 6 to 8:30pm.

Parents can create Alexander Calder inspired wire portraits with their children (ages 8 & up) that they can proudly take home.

Participants will eat a kid-friendly dinner while engaging in a short discussion about sculpture, shape and form with DAC Visual Arts Director, Beth Cherico.

Although no experience is necessary for this quality family time, reservations are requested at (203) 655-8683 or online at darienarts.org so that enough materials and supper can be provided. Fee for the workshop and supper is \$40 per person.
