A small Boston terrier who went missing Tuesday from her Lake Drive home was back in bed last night, all tucked in, after another Darien resident saw the dog and contacted the owner.

Here's what Skyy, age 10, looked like, from her owner's post on Facebook Wednesday night:

Skyy was missing from Tuesday evening to Wednesday evening — roughly a day.

"She's safe & sound with me again!! [...] Darien really is a great community to be a part of!" Rondano wrote in an email to Darienite.com.

Here's our story yesterday:
