To the editor:

Public health and safety of the residents of Connecticut cannot be taken for granted. We have come a long way in preventing disease and promoting health.

In Connecticut we have some of the strictest gun laws in the country. We are also fortunate to have good access to health care and coverage that addresses preexisting conditions.

To ensure that we keep these health and safety measures in place, please join me Sunday October 21st at 1pm in Tilley Pond Park Darien and rally to get out the vote in support of our Democratic candidates and elected officials.
