To the editor:

Thank you, Darien, for coming out in droves to enjoy the Darien Arts Center production of Cabaret. Because of your support we had nine sold-out performances of this show in a setting that gave the community a high-quality theatre experience.

It took countless volunteers — including the all-female cast of incredible performers — to make the magic on stage. We collaborated with the Lipstick Project, to produce this show that is so relevant to our current events.

Thank you to all who gave their time and talent meeting the needs of the Darien community for this important artistic expression.

Sincerely,

Dana Fead

Darien Arts Center board secretary
