Surveillance video at Noroton Heights Train Station shows a suspected thief riding a stolen bike from the parking lot onto Heights Road last Thursday, Feb. 17.

Neither the surveillance video nor owner's lock on the bike kept it from being stolen. Valued at \$919, it rolled into the station at 8:13 a.m. When the owner returned at 7:45 p.m., it was missing.

Police said the surveillance video shows the thief wearing a green jacket and white shoes. Police didn't say if the person in the video is male or female. According to the police news release, the incident was reported at 8:47 p.m. the next day.
