One food-serving establishment received the lowest rating ("C"), another received a middling rating ("B") and two others got the best rating ("A") in health inspection reports just released by the Darien Health Department.

The four inspections were done from Oct. 27 to Nov. 2.

Here's an alphabetical list of the most recently released health inspection results (an explanation for each part of the list, including links, is just below the list).

Keep in mind that a food-serving establishment with a history of good ratings may occasionally get a poor inspection rating, occasionally the best do, and every restaurant normally gets a few things wrong (an explanation of how this list is put together is immediately below it):

—Blue Wave Taco —205 Post Road — Nov. 1 — [Town Rating: A](#) — State Score: 97

—Browne & Company — 865 Post Road — [Oct. 27](#) — [Town Rating: C](#) — State Score: 92 — Inspector's Remarks: "Soup not hot holding at 131 degrees; chicken cooled late at night: still at 58 to 61 degrees; lettuce not being washed; no bare-hand [holding] with ready-to-eat foods."

—The Cho Bop Inc. at Fjord Fish Market — 1015 Post Road — [Nov. 2](#) — [Town Rating: B](#) — State Score: 92

—Fjord Fish Market — 1015 Post Road — [Nov. 2](#) — [Town Rating: A](#) — State Score: 96

For restaurants and other food-serving establishments rated "C," and for some others of interest to the public (like schools) additional information is given. When we provide that information here, then words within brackets (" [ ]") have been added for clarity by Darienite.com; semicolons like this (" ; ") separate individual comments by the inspectors. Each comment is about a particular violation that triggers a deduction of one or more points from a perfect state score of 100.

Restaurants in town are rated under the Darien Health Department's own A/B/C ratings system. Health inspectors also use the state health code regulations to score restaurants, with a perfect score set at 100, and demerits (of 1 to 4 points each) for various code violations.

The Darien system takes into account problems that are ongoing, so a restaurant scoring higher than others on the state scale may actually get a lower score on the Darien scale.

You can find the past several inspection ratings under the Darien ratings system for food-serving establishments [on this website](#), and now you can also find copies of inspection reports, including state health code scores in the same place.

Any establishment actually deemed unsafe can be closed by the town Health Department until violations are fixed. Town Health Director David Knauf says that has never happened in the time he's been with the department.
