The nonprofit is a leading provider of independent housing, day programs, employment initiatives and other <https://darienite.com> clients throughout Connecticut and New York's lower Hudson Valley.

For more than 60 years, Ability Beyond has upheld the dignity of individuals with developmental, intellectual, autism spectrum, acquired brain injury and mental health disabilities.

“Ability Beyond is extremely grateful to be the beneficiary of the 2019 O'Neill's Annual 5K Run in Memory of Annie Curtin,” said President and CEO Jane Davis. “This year the race that was inspired by Annie will help empower people with disabilities to live full and rewarding lives.”

Annie passed away almost nine years ago; she was 6 1/2. To celebrate her life, Annie's parents Paul and Kat Curtin, along with O'Neill's Irish Pub and Restaurant, established an annual fundraising event to help people in the community.

An Ability Beyond team comprised of staff members, clients and families will run or walk in the event.

“Parents of the individuals in our programs are always extremely supportive of our fundraising efforts that help their children go beyond what was ever imagined possible. Our greatest reward is to see the people we serve gain confidence, joy and hope as they realize their dreams,” Davis said.

The course for the May 19 road race in Norwalk is certified by USA Track & Field. It is mostly flat and runs through SoNo and East Norwalk, with a breathtaking view of the harbor at the halfway point. Runners will receive ChronoTrack's disposable B-Tags to record their times and allow family and friends to track them live.
