The Darien YMCA has posted a video tour of the facility on its website. You can check it out below.

The video is about 3 1/2 minutes long. It mentions an interesting bit of information (just before the 3-minute mark): A fifth of Darien's kindergarten enrollment is made up of kids who attended Holly Pond Preschool at the Darien Y.

Here's part of [an announcement](#) that the Y posted on Facebook:

A video tour of our facility is now up on our website! Many thanks to our very own Tom Griffin (on our staff at the check in desk and a former Middlesex Middle School Vice Principal) who provided the voice over.
