Date : October 19, 2018

Editor's note: This free class at Darien Library takes place from 12 noon to 2 p.m., Saturday, Oct. 20 (tomorrow) and it isn't full yet. It costs nothing but your time and energy.

Whether you are a small business owner, entrepreneur, graphic designer, or are just simply interested in creating a specific work such as a brochure, join us!

Darienite News for Darien
This class will go step by step in helping you create a compelling stand out flyer or design a newsletter format for a published work.

<https://darienite.com> the tools that you need to begin to use Adobe InDesign — a powerful publishing software application. Students will have the opportunity to create a new project with text and images.

We will cover:

- Formats (saving files)
- Adding images and logos
- Adobe InDesign Tools such as typography
- Managing InDesign Panels including the control panel, tools panel and swatches panel
- Discuss how to setup a print bleed
- Tool use

Students are encouraged to bring their individualized InDesign projects to class.

The program is free, but registration is required.
